ELDORET WATER SUPPLY — PHASE II

SENIOR RESIDENT ENGINEER'S OFFICE

CONTRACT No. WW/806C — CIVIL WORKS

P.O. BOX 7449, ELDORET

Telephone

Ref. .... RCK/fwm/806C/10 .....

Date ..... 29th May, 1995 .....

Oriental Construction Company Ltd,  
P.O. Box 48364,  
NAIROBI

Dear Sirs,

ELDORET WATER SUPPLY - PHASE II

CONTRACT 806C - CIVIL WORKS

Following the Substantial Completion of the above Contract I wish to express my thanks to your Company, as the major Sub-Contractor under the main Contractor, Sogea, for the Contract Works carried out effectively within timescale and budget.

Your involvement in this Contract, which covered the major Concrete Works including the 11,200m<sup>3</sup> Capacity Service Reservoir and the 18,000m<sup>3</sup>/day Water Treatment Works was carried out in an efficient and professional way. The high standard of the Concrete Works to the Service Reservoir has been remarked upon by a number of visitors to the Project.

Indeed the prompt completion and manual commissioning of the Water Treatment Works has resulted in potable water reaching Eldoret Township earlier than originally programmed.

I note the outstanding works are also progressing well and look forward to a completion of same in the near future.

Please convey my thanks to all your staff who were involved in this successful Contract.

Thank you.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Robert C. Kempton'.

ROBERT.C. KEMPTON

Senior Resident Engineer (SRE)
