Dear Sirs,

**SOLAI MENENGAI –OLRONGAI WATER SUPPLY PROJECT
CONTRACT NO SMORWT/001
CONSTRUCTION OF 6000M³ REINFORCED CONCRETE
LOW LEVEL WATER SUPPLY TANK**

Following the completion of the major works of this project within schedule as provided for in the contract, I wish to register my gratitude with your Directors and Project Manager together with the entire team that played a key role in this kind of achievement.

Your input towards quality control especially with regard to concrete works has been greatly appreciated by all professionals who visited our site. It is further to be noted that all materials were procured on schedule inspite of financial constraints experienced during the life of this contract.

We trust that the outstanding works will be carried out along the same spirit and look forward towards testing and commissioning of the these works in future.

Thank you.

Yours faithfully,

A handwritten signature in cursive script that reads 'Michugu K. James'.
